

Twin Valley Bible Academy
Winter Sports
COVID-19 Guidelines

Twin Valley Bible Academy desires to prioritize the health and safety of our students, parents, and faculty. We also want to give opportunity for our students to be able to participate in the sports they enjoy playing. We are using PIAA guidelines, Pennsylvania Christian Athletic Conference (PCAC) guidelines and School policies to provide safety for all involved with our sports season. Participation Permission Slips will be included in school paperwork and must be signed for a player to participate on the team.

We are offering 6th -12th grade sports options of Boys and Girls Basketball

Guidelines:

1. Please be vigilant for symptoms and potential exposure to COVID-19. We expect anyone who is showing symptoms of illness or a history of exposure to stay home.
2. We will not be allowing any spectators to the games held at the TVBA gymnasium. Only the Referees, two teams competing, coaches of those teams, and staff needed to run the game will be allowed in the gymnasium.
3. Teams that are not playing will be able to watch in our auditorium through our live stream system. This will be available for those who need it but should not be relied on. Any opposing teams are asked not to bring fans. If the drivers of the players need a place to watch, we will make allowances for this in our auditorium. Please do not view this as a place to watch the games. It is designed for those who need to be at the building to watch. Parents Please pick your child up after their respective games unless they have a sibling in a following game.
4. The games will be available on our Facebook page <https://www.facebook.com/twinvalleybibleacademy/>
5. Players and spectators must follow the guidelines of specific schools for away games. Each schools' guidelines will be available at PCACsports.com under their respective page.
6. Hand sanitizer stations will be available at all games.
7. Any player with a fever of 100.4 or higher will not be able to participate in games or practices. If players are showing symptoms do not come to either. Please take precautions so as not to affect the rest of the team from playing. Players will have a wellness check before each practice and game. Questions about symptoms and player's temperature will be taken. If players have a fever or are showing symptoms, they will be isolated and sent home. Quarantined or isolated students and staff should communicate their health status with their medical professional. It is recommended that quarantined or isolated staff or students return with a note from a medical professional.
8. All athletes, coaches, must bring their own water and drinks to team activities or games.
9. Avoid shaking hands, fist bumps, or high fives during or after the game.

This time during, COVID-19 is a new experience for all of us. Please understand we are trying to maintain the safety of our students while having a full season. We have pledged to be open to the schools we are competing with during our sports season and to notify them with any health concern. If there is significant safety risk and the school leadership feels that sports are an unnecessary risk for the overall health and safety of the school, we will forgo the remainder of the season.
